

Discipleship in the Home

Service

Christmas is a day that every child looks forward to because it's a day they receive gifts. However, Christmas is not just about receiving but also about **giving** to those in need.

Luke chapter 2 is filled with stories of people who gave. A family opened up their stable to a young and poor couple expecting a baby. Wise men gave gold, frankincense, and myrrh to this family. And the ultimate gift of Christmas was God giving his son for the salvation of the world.

This month, spend some time as a family brainstorming different ways in which you could give/serve another family in your community.
